

**Aletha Kalish** a resident of The Foothills Cluster since 1978, March 18, 1978 to be exact. Yes, we are the original owners of our home. We have seen the community grow, stretch, and move into the 21<sup>st</sup> Century. My goal for The Foothills Clusters is for it to be more than just a subdivision. I want it to be a place where we all, as neighbors, live, play, and enjoy this glorious location. As a board member for several years, I can happily say our biggest achievement was getting our 40+ year old roads redone at no added expense to the community. We are working on making our lovely neighborhood even better. I started out in retail sales, moved into working in the family business for over 20 years and now am a REALTOR® with Long Realty. We raised our three children in this house. Over the years Aletha has many roles within Foothills Clusters, including the hostess of the Community Cookout.
