AUSTIN WESNITZER

**APPLICANT FOR
BOARD MEMBER**

UP FOR RE-ELECTION

Being that we are relatively new to the neighborhood the first thing I noticed before we even moved in was the condition of the streets. I currently work for the City of Tucson Department of Transportation and Mobility and there I help manage the pavement preservation and reconstruction programs. Given the condition of our streets I wanted to see what the plan was for their repairs and after attending a meeting I was asked to serve on the board to help assist with the plan. Now that the streets have been paved there are critical steps in proper pavement management practices that we will need to do in order to keep our streets in good condition for as long as we can. Thankfully, our reserve study and future studies, include language that will help the board understand when and what type of treatments are needed. Austin and his wife moved to the Foothills Clusters in 2017 to start their family and now that it is complete with three great little kiddos and a sweet mini Aussie he is even more committed to serve on the board and see that our streets are maintained for years to come.

GREG PIRAINO

**APPLICANT FOR
BOARD MEMBER**

UP FOR RE-ELECTION

Greetings FCHOA Homeowners,

My name is Greg Piraino and I am excited to announce my candidacy for a position on the FCHOA Board of Directors. I look forward to working with other board members and volunteers to continuously make the Clusters a great place to live!

For those of you that do not know me, I have been a homeowner in the Clusters for the last eight years which has been a great joy and a pleasure. Since attending the U of A in the 1980's I have cherished the Foothills and it has been my goal since then to retire here someday.

I graduated the University of Arizona in 1988 with a Bachelors in Engineering and am an avid hiker in the Catalinas as well as a frequent walker and biker in the neighborhood. I served on the Architectural Committee ("ACC") for four years as both a member of the ACC and for a time as Chair of the ACC. I have served as an HOA Board Member for two years as well.

Using my ACC experience together with all ACC members, we created the ACC Guidelines, incorporated homeowner and Board input, and made the ACC application process more clear, consistent, and transparent. I have consistently listened to the membership, dealt with disputes, discussed and carried out ideas, accomplished board and ACC goals, and improved ACC processes.

My background on the Board, on the ACC, and working with over sixty various applicants over the previous four years which we approved make me a great candidate for the Board position.

If elected I will continue to improve the ACC application process, support community goals, and make the application process easier for homeowners, builders, and architects.

**MADLINE KING
APPLICANT FOR
BOARD**

I am Maddie King. My partner and I moved to the Tucson Area in 2019 to take advantage of job opportunities. We first lived in Casas Adobes but quickly fell in love with the Foothills Clusters and bought our home here in 2022. I am an avid animal lover and rescuer of dogs. Currently I work for ADP in the Small Business Development Unit and feel I could apply my skills working with people and business to the HOA board. As a young newcomer to the Foothills we are enjoying our lifestyle here and the beauty of the area. Getting involved with the community at large is a great to make a busy life more rewarding and interesting as well as providing a way to meet new people.

I have lived full time in the Clusters since 1989. We moved here with a toddler son, Ben. Welcomed daughter Megan a few years later. Our children attended Catalina Foothills schools. As our children grew we thought about moving to a larger home in the school district but could not find any community with all the advantages offered by the Clusters. Instead we have built additions and remodeled our home to grow along with our family. I love to travel, hike, camp, cook with my family and hang out in our lovely backyard gazing at Finger Rock and the Catalinas. I am volunteering to serve on the FCHOA board to fill an open seat. I have loved this community for 35 years and this is our forever home. My experience as a long time neighbor/member of the Clusters, a business owner and a lawyer make me a good candidate to serve on the board and to serve my community
